## High School Coaches of the Month Selected

The Manitoba High Schools Athletic Association is pleased to announce its February Harv-AI Sports High School Rural and Urban Coaches of the Month.

The Harv-AI Rural Coach for February is **Corey Forbes** hockey coach at Glenboro School. Forbes has been coaching at the school for the last eleven years and in addition to hockey also coaches track and golf. His team recently participated in the Provincial "AA" Champions which were held in Morris. Not only is he active with the Glenboro Hockey Team, he is also very involved with assisting with the weekly Top Ten Rankings, advising on technical issues and general organization of High School Hockey. His team is a Co-Op between Glenboro, Carberry and Baldur and he actively deals with all students, staff and parents from all three schools. His team gets together at 7:00 am twice weekly and he runs a very respectable program. In addition, Corey has been involved in the organization of the Provincial High School Cross Country Championships and has been on the Zone 6 Executive.

**Phil Penner** of the Garden City Fighting Gophers Basketball team is the February Harv-AI Urban Coach of the Month. Penner's Gophers made a return to the Milk "AAAA" Provincial Basketball Championships on Monday night and were defeated by Oak Park in a very hard fought game. His Gophers were ranked #1 going into the Championship and they captured the Provincials in 2008 and 2009 and have been in the KPAC finals six out of the last seven years. Phil, who is a community volunteer, instills a great deal of commitment and pride into his program, and is very passionate about the game.

Both Phil and Corey will receive hoodies from Harv-AI Sports in recognition of their accomplishments.
