High School Coach of the Month Selected

The Manitoba High Schools Athletic Association is pleased to announce its first Coaches of the Month.

The September Harv-AI Rural High School Coach of the Month goes to Steve Rebizant of Steinbach Regional School. Steve has been coaching soccer at Steinbach for over 15 years and has expanded the program there. He has consistently worked to develop skills and fitness of players and has worked very hard to develop the sport in the school and community. Steve's team won the MHSAA Provincial Championships a few weeks ago, and he was also the event coordinator.

The October Harv-AI Rural Coach of the Month is Jo Voth of Garden Valley Collegiate in Winkler. Jo has been coaching the Varsity Girls Soccer Team at Garden Valley for the past two years, and during that time period added their second Championship in a row. He is an enthusiastic individual and has developed a very strong program and tradition.

The Harv-AI Urban Coach of the Month for September and October are awarded to Pam Gerbrandt and Stephanie Friesen both of Linden Christian School. These two co-coach the Junior Varsity Girls Volleyball Team at Linden Christian and commit many extra hours coaching their young athletes. They believe strongly in affirming their athletes and are very positive and encouraging in their approach to coaching. The Linden Christian JV Girls recently captured the R.B. Russell Tournament and are currently in first place in their zone.

Each of the winners will receive an attractive certificate courtesy of the MHSAA and a sweatshirt courtesy of Harv-AI Sports.
